### New publications

Peter Tillmann, Klaus Jäger and Christiane Becker. **Minimising the levelised cost of electricity for bifacial solar panel arrays using Bayesian optimization**

DOI: [10.1039/C9SE00750D](https://doi.org/10.1039/C9SE00750D) (Paper) *Sustainable Energy Fuels*, 2020, Advance Article

## Upcoming Events

### Unconscious bias in recruiting – HU Workshop

HEIBRIDS was able to secure five spots for our PIs in HU's presentation/seminar on "Unconscious bias in recruiting" which will take place from 9:30 am to 12:30 pm on **Tuesday, December 17**. If you are interested in taking part in this seminar, please send an email to Nina Reinecke ([nina.reinecke@tu-berlin.de](mailto:nina.reinecke@tu-berlin.de)) by Tuesday, December 10. Please note that although participants can ask questions in English, they should be able to understand some German to follow the presentation.

### HEIBRIDS PhD Recruitment 2020

The online platform for our PhD recruitment round for 2020 will open on **Friday, December 20**. Of the approximately 20 projects that will be announced, 10 will receive HEIBRIDS funding. Please start spreading the word to your network. Information about the recruitment process and eligibility can be found here:
